REMARKS BY THE HONORABLE DOUGLAS M. COSTLE
ADMINISTRATOR, U.S. ENVIRONMENTAL PROTECTION AGENCY
PREPARED FOR DELIVERY BEFORE THE
FIFTEENTH CONSTITUTIONAL CONVENTION
OIL, CHEMICAL AND ATOMIC WORKERS INTERNATIONAL UNION
HOLLYWOOD, FLORIDA, AUGUST 16, 1979

BEYOND THE BOTTOM LINE:

The Need for a Better National Balance Sheet

I seldom find TV commercials very relevant to my role as EPA Administrator--in fact, I seldom find them relevant to much of anything. I recently saw one commercial, though, that does seem to apply to the current controversy over health and safety regulation.

It's an ad for an automobile filter. We see a mechanic grimly surveying two cars. One has been brought in to have its oil-filter changed...a routine bit of maintenance, which, not counting labor charges, will run about four dollars.

However, the other car needs a major overhaul...at a cost of several hundred dollars. The reason for the overhaul, the mechanic informs us, is that the owner failed to change his filter at the proper intervals.

Thus, the moral of the message is that deferring routine maintenance may save a few dollars. But such savings can, a few months or years up the line, put a major dent in your wallet. As the mechanic expresses it, "The choice is yours:

You can pay me now...or you can pay me later."

To a large extent, paying a reasonable price now to avoid paying a much higher price down the road is what health and safety regulation is all about.

Unfortunately, the advocates of strong health-and-safety rules have found themselves hard-pressed to make that point in dollars-and-cents terms.

The costs of most regulation--whether we're talking about scrubbers on a smokestack, a ventilating system to protect workers from toxic fumes, or lab tests on a new drug--are usually easy to compute.

The benefits are a lot tougher to pin down in economic terms. That doesn't mean there are no benefits to point to. There are many, and some of them are dramatic. For example:

* Federal safe-packaging rules, requiring child-proof containers, have cut the number of children accidentally poisoned by 40 percent. There are children who would not be alive today but for those regulations.
* Since safety standards for cribs took effect in 1974, the number of crib deaths from strangulation has been cut in half.

* According to a study by the General Accounting Office, 28,000 lives were saved between 1966 and 1974 by federal auto-safety rules.
* The Shriners' Burn Institute in Boston reports that in 1971--before federal rules on children's sleepwear were adopted--34 percent of its burn injuries involved sleepwear. In 1977 the figure was zero.

This list could be greatly extended. However, attaching a dollar figure to such benefits is an almost impossible task. What, after all, is the price tag on a human life?

Despite the obstacles, EPA has been stepping up its efforts to assess the monetary value of regulatory benefits.

We have a study in progress right now, for example, that is looking at the connection between air pollution, and time lost on the job because of illness.

The researchers have concluded there is a very close connection. In fact, their preliminary conclusion--and I have to emphasize the word "preliminary"--is that cutting the levels of dirt in the air by 60 percent would save $36 billion a year in lost wages and lost productivity.

This is a case where the country has started to pay now. We haven't achieved a 60 percent cutback, but there has been real progress. Particulate levels, for example, dropped 12 percent between 1970 and 1977. Based on that, we can estimate that current air-pollution controls are saving the country about $8 billion a year--and that figure doesn't include other benefits of cutting air pollution, such as improved crop yields and reduced property damage.

There are other areas where the country has taken the "pay later" approach, and these give us the best idea of what that means in dollar terms.

Love Canal is a prime example. We estimate that if the chemical wastes dumped into that site had instead been put in a secure, environmentally sound landfill, the cost would have been roughly $2 million.

As it is, Love canal has already cost New York State more than $25 million; claims against Hooker Chemical total over $2 billion; and the cost in terms of the suffering of residents there is beyond calculation.

Similarly, an investment of about $200,000 at the Life Sciences Plant in Hopewell, Virginia, would have made it safe for the production of the pesticide Kepone. That money wasn't

spent. As a result, the known judgments against the company total $12 million; an unknown, but probably massive additional sum is being sought by workers claiming nerve damage and sterility; and we have estimated the cost of cleaning up the Kepone in the James River at $8 billion--*if* that can be done, *ever*.

In the area of the hazardous-waste, the country seems to have recognized that it makes no sense to pay later, and is ready to start paying for past negligence before the price gets even higher.

The Administration has proposed a bill that would accomplish exactly that. It's called the Oil, Hazardous Substances and Hazardous Waste Response, Liability and Compensation Act--or the Superfund bill, for short.

Among other things, the bill would establish a $1.6 billion fund to pay for cleaning up spills of oil or hazardous substances. It could also be used to deal with hazardous-waste problems that pose an imminent threat to human health or the environment.

We believe that this comprehensive approach is the only one that will allow us to deal with these emergencies effectively.

As I speak to you, there's a spill underway on the Susquehanna River in Pennsylvania that illustrates what I mean.

The Susquehanna spill has been overshadowed by the Campeche blowout in the Gulf of Mexico. But it's still a bad

Up to 500 gallons a day--most of it oil, but also including such highly toxic chemicals as toluene and dichlorobenzene--have been entering the river from a drainage tunnel located on the shore, near the city of Wilkes-Barre. Before our crews could get booms in place, several thousand gallons escaped downstream. Evidence of the contaminants has been found in the drinking water supplies of a town 65 miles down river.

Right now, we are trying to contain the spill, with a reasonable degree of success. The problem is, what do we do after that? The contaminants are coming out of an abandoned mine, apparently having been dumped in there by the kind of hazardous-waste disposal outfits that are known as "midnight-dumpers."

Obviously, we would like to get into the mine, and analyze what would be needed to permanently solve the problem. However, the analysis alone would cost perhaps $100,000. And the cost of a permanent cleanup is likely to run into the millions.

If we could pinpoint who was responsible, we have the authority to go to court and--assuming the guilty parties have the resources--pay for it that way.

However, in this case, as in many others like it, it's highly doubtful we'll be able to make the perpetrators pay. Tracking down midnight dumpers involves a lot of very complicated detective work. And even when we find them, they often turn out to be small-time operators, with few resources available.

The Administration's Superfund bill would solve the problem. Unfortunately, however, some committees in Congress that are dealing with the issue don't see the need for a comprehensive approach. They are considering such alternatives as a bill covering oil spills only, or one that covers abandoned chemical dumpsites and spills of hazardous substances, but not oil spills.

The Pennsylvania spill--and it's a fairly typical one--shows why we can't deal separately with these problems. An overall piece of legislation is the only one that will do the job.

Your union, which has been so effective in supporting past environmental legislation, is with us on this one. My message today, frankly, is that I hope you will join us

in pushing even harder to get it through.

There are about 14,000 spills of oil and hazardous substances each year, and a new hazardous-waste emergency seems to appear in the headlines every day. The cost of dealing with these problems is going to keep going up. And it's a cost that's measured not only in the pricetag for the cleanup, and in the harm done to human health and the environment--but also in a continuing erosion of faith in government.

When you go back to your locals, and to your communities, I urge you to spread the word about the importance of the Superfund bill. And if you should happen to encounter your Congressional Representative, I hope you will let him--or her--know where you stand.

In cases like the Susquehanna spill, or Love Canal, we will know the cost of negligence because we're going to have to pay it.

In many other cases we won't know what the ultimate cost might have been because we will pay now to avoid paying much more later.

However, we do know <u>enough</u> now to know that the price of lax or nonexistent regulation of the workplace or the

environment can be very high.

We don't need to wait for epidemiological studies 30 or 40 years hence to tell us workers in many industries are at serious risk of cancer.

We don't need to have another air-pollution episode like the one that occurred in New York City in the '50's, and claimed 200 lives, to prove that strong anti-pollution rules are needed.

And we don't need to wait for an ongoing string of incidents like the one involving Kepone to recognize that toxic chemicals need to be more strictly controlled.

I will do my best, as a regulator, to make sure that every regulation pays it own way in terms of avoiding risk, and providing benefit.

But I will also do my best to prevent faulty cost-benefit arguments--based on a deficient economics and stacked in favor of polluters of the environment or work-place--from reversing the progress we have made. We can pay now to ensure that progress will continue, at substantial economic cost. Or we can pay later--at a much higher <u>economic</u> cost, and an <u>incalculable</u> human cost.

We have made the right choice. Let's pay now.

Thank you.

DRAFT DATE

CHATHAM AND STIKANE AREAS TIMBER SALE, TONGASS NF 08/31

ALASKA
PROPOSED IS A TIMBER SALE OPERATING PLAN FOR THE CHATHAM AND STIKANE AREAS OF THE TONGASS NATIONAL FOREST ON THE ISLANDS OF KUIU, BARANOF AND CHICHAGOF. THE RECOMMENDED ACTION PROPOSES HARVEST OF 525 MMBM OF TIMBER FROM EIGHT MANAGEMENT AREAS FOR WHICH A TOTAL OF 369 MILES OF ROAD MUST BE CONSTRUCTED. EIGHT ALTERNATIVES ARE CONSIDERED. THIS PROJECT IS LOCATED IN THE STATE OF ALASKA.
(EIS ORDER # 90932)

LAKE TAHOE BASIN, ELDORADO, TAHOE, AND TOIYAHE NFS 08/17

CALIFORNIA NEVADA
COUNTY: SEVERAL
PROPOSED IS A LAND MANAGEMENT PLAN FOR THE LAKE TAHOE BASIN MANAGEMENT UNIT LOCATED IN THE ELDORADO, TAHOE AND TOIYAHE NATIONAL FORESTS WITHIN THE COUNTIES OF EL DORADO, PLACER AND ALPINE, CALIFORNIA AND WASHOE AND DOUGLAS COUNTIES, NEVADA. THE PREFERRED ALTERNATIVE EMPHASIZES WATER-ORIENTED RECREATION WHERE IT CAN BE SERVED BY THE EXISTING UTILITY SYSTEM. MOST NEW RECREATIONAL DEVELOPMENT WOULD BE REQUIRED TO BE NEAR WATER ATTRACTIONS SUCH AS LAKE TAHOE, OTHER LAKES, THE TRUCKEE RIVER, AND MAJOR STREAMS. OTHER FEATURES INCLUDE: 1) SKI DEVELOPMENT; 2) MOTORIZED AND NONMOTORIZED DISPERSED RECREATION; 3) TIMBER CUTTING; AND 4) PLACEMENT OF ROADS, AND SEWER AND POWER LINES.
(EIS ORDER # 90887)

BELKNAP-FOLEY GEOTHERMAL AREA, WILLAMETTE NF 08/06

OREGON
COUNTY: LANE LINN
PROPOSED IS THE LEASING OF APPROXIMATELY 167,082 ACRES OF LAND IN THE BELKNAP-FOLEY AREA OF THE WILLAMETTE NATIONAL FOREST, LINN AND LANE COUNTIES, OREGON. LEASES FOR LANDS IN THE 4,706 ACRE BELKNAP-FOLEY KNOWN GEOTHERMAL RESOUCE AREA WOULD BE ISSUED ON A COMPETITIVE BID BASIS. THE REMAINING LANDS WOULD BE LEASED TO APPLICANTS ON A NON-COMPETITIVE BASIS. THE ALTERNATIVES CONSIDER VARYING

AMOUNTS OF ACERAGE TO BE LEASED WITH NO SURFACE OCCUPANCY AND SUBSTAINTIAL DEVELOPMENT CONSTRAINTS.
(EIS ORDER # 90851)

CROOKED RIVER NATIONAL GRASSLAND, OCHOCO NF 08/21

OREGON
COUNTY: JEFFERSON
PROPOSED IS A LAND MANAGEMENT PLAN FOR THE CROOKED RIVER NATIONAL GRASSLAND LOCATED IN OCHOCO NATIONAL FOREST, JEFFERSON COUNTY, OREGON. THE PREFERRED ALTERNATIVE INCLUDES: 1) PRIMARY RECREATION FOR THE AREAS AROUND HAYSTACK RESERVOIR, LAKE BILLY CHINOOK, AND PORTIONS OF THE SQUAW CREEK AND DESCHUTES RIVER CANYONS; 2)PRIMARY RIPARIAN WILDLIFE MANAGEMENT; 3) PRIMARY WILDLIFE/SECONDARY RANGE MANAGEMENT OF MOST OF THE DESCHUTES CANYON ROADLESS AREA AS WELL AS THE REMAINDER OF THE WEST SIDE OF THE GRASSLAND; 4) SUPPORT OF WILDLIFE MANAGEMENT THROUGH RANGE MANAGEMENT ACTIVITIES, AND 5) MANAGEMENT OF CANYON AREAS FOR DISPERSED RECREATION.
(EIS ORDER # 90902)

NORTH SISKIYOU PLANNING UNIT 08/30

OREGON CALIFORNIA
COUNTY: SISKIYOU JACKSON JOSEPHINE
PROPOSED IS A LAND MANAGEMENT PLAN FOR THE 155,000 ACRE NORTH SISKIYOU PLANNING UNIT WITHIN THE KLAMATH, ROUGE RIVER, AND SISKIYOU NATIONAL FORESTS LOCATED IN SISKIYOU COUNTY, CALIFORNIA AND JACKSON AND JOSEPHINE COUNTIES, OREGON. THE PREFERRED ALTERNATIVE INCLUDES: 1) THE DESIGNATION OF 25,870 ACRES OF THE KANGAROO ROADLESS AREA AS WILDERNESS; 2) EMPHASIS ON PRIMITIVE AND UNDEVELOPED DISPERSED RECREATION IN HIGHER ELEVATIONS; 3) EMPHASIS ON TIMBER PRODUCTION AND GENERAL DISPERSED RECREATION IN THE MORE DENSELY FORESTED LOWER ELEVATIONS; AND 4) EMPHASIS ON WILDLIFE MANAGEMENT, VISUAL RESOURCES, AND WATER QUALITY.
(DEIS-05-05-79-02)
(EIS ORDER # 90924)

MT. BAKER-SNOQUALMIE NF TIMBER MANAGEMENT PLAN 08/14

WASHINGTON
COUNTY: SEVERAL
PROPOSED IS A TEN YEAR TIMBER RESOURCE MANAGEMENT PLAN FOR THE MT. BAKER-SNOQUALMIE NATIONAL FOREST LOCATED IN KING, PIERCE, SKAGIT, SNOHOMISH, AND WHATCOM COUNTIES, WASHINGTON. THE PREFERRED ALTERNATIVE INCLUDES PLANTING GENETICALLY SUPERIOR STOCK; FERTILIZATION AND FULL STOCKING CONTROL INCLUDING THINNING (BOTH PRECOMMERCIAL AND COMMERCIAL); REFORESTATION OF BACKLOG; INTERPLANTING; AND BRUSH, DISEASE, AND ANIMAL CONTROL. THE OTHER ALTERNATIVES CONSIDERED INCLUDE: 1) NO CHANGE, 2) EXTENSIVE MANAGEMENT, AND 3) DECLINING FLOW.
(DES-06-05-79-10)
(EIS ORDER # 90881)

FINAL DATE

BEAVER-MARTEN-VERMILION PLANNING UNIT, KOOTENAI NF 08/10

MONTANA
COUNTY: SANDERS
PROPOSED IS A REVISED MULTIPLE-USE LAND MANAGEMENT PLAN FOR THE BEAVER-MARTEN-VERMILION PLANNING UNIT IN KOOTENAI NATIONAL FOREST, SANDERS COUNTY, MONTANA. THE PLAN RECOMMENDS THAT 163,563 ACRES BE MANAGED FOR TIMBER, ESTHETICS, RECREATION, WATERSHED, WILDLIFE AND RANGE. AN AREA OF 45,923 ACRES WHICH WILL REMAIN UNROADED WILL BE MANAGED FOR WILDLIFE, RECREATION, ESTHETICS AND WATERSHED. IN TOTAL THE PROJECT WILL AFFECT APPROXIMATELY 209,486 ACRES OF LAND WHICH IS DIVIDED INTO 14 MANAGEMENT AREAS.

ALPINE LAKES AREA ACQUISITIONS 08/10

WASHINGTON
COUNTY: SEVERAL
THIS PROPOSAL INVOLVES THE ACQUISITION OF NON-FEDERAL LANDS FROM SIX LANDOWNERS FOR INCLUSION AS FEDERALLY OWNED LANDS IN THE ALPINE LAKES WILDERNESS AREA AND "INTENDED WILDERNESS." THESE LANDS ARE LOCATED IN CHELAN, KING, KITTITAS, PIERCE, SKAGIT, SNOHOMISH, AND YAKIMA COUNTIES, WASHINGTON. IN THE PROCESS OF ACQUISITION SOME FEDERAL LANDS WILL BE EXCHANGED AND THE REMAINDER WILL BE BOUGHT FROM SIX DIFFERENT SOURCES. CERTAIN RIGHTS AND FUTURE DEVELOPMENT PLANS TO LANDS EXCHANGED MAY BE REVOKED.

FOX UNIT LAND MANAGEMENT PLAN, SIX RIVERS NF 08/17

CALIFORNIA
COUNTY: DEL NORTE
THIS STATEMENT SUPPLEMENTS A FINAL EIS, #40600, FILED 4-16-74 CONCERNING A LAND MANAGEMENT PLAN FOR 30,000 ACRES OF LAND KNOWN AS THE FOX UNIT OF THE SIX RIVERS NATIONAL FOREST LOCATED IN DEL NORTE COUNTY, CALIFORNIA. THE PLAN DIVIDES THE UNIT INTO SEVEN RESOURCE ZONES OF VARYING SIZES. RESOURCE MANAGEMENT AND DEVELOPMENT INCLUDING TIMBER MANAGEMENT AND ASSOCIATED ROAD CONSTRUCTION WILL OCCUR PRIMARILY IN THREE OF THE ZONES. THE OTHER FIVE ZONES WILL REMAIN ESSENTIALLY UNDEVELOPED. THIS STATEMENT PROVIDES ADDITIONAL INFORMATION CONCERNING GEOLOGY, EROSION, WATER QUALITY, AND FISHERIES.

CORDOVA SMALL BOAT HARBOR EXPANSION 08/02

ALASKA
PROPOSED IS THE EXPANSION OF AN EXISTING 23-ACRE SMALL BOAT HARBOR AT CORDOVA, ALASKA. A WESTWARD EXPANSION IN RECTANGULAR CONFIGURATION WOULD EFFECTIVELY ADD 20 ACRES OF PROTECTED MOORAGE AREA FOR THE DESIGN FLEET OF 540 COMMERCIAL AND RECREATIONAL VESSELS. THE EXPANSION WOULD REQUIRE THE REMOVAL OF AN EXISTING WESTERLY BREAKWATER 1,400 FEET IN LENGTH, THE EXTENSION OF AN EXISTING 1,100-FOOT LONG SOUTHERLY SILT BARRIER BY 650 FEET AND THE CONSTRUCTION OF TWO NEW WESTERLY RUBBLEMOUND BREAKWATERS. DREDGE SPOIL WOULD BE DEPOSITED IN AN INTERTIDAL FILL SITE AND A TEN ACRE PARKING/STAGING AREA.
(ALASKA DISTRICT)
(EIS ORDER # 90830)

HOMER SMALL BOAT HARBOR, NAVIGATION IMPROVEMENTS 08/02

ALASKA
PROPOSED ARE EXPANSION AND NAVIGATIONAL IMPROVEMENTS FOR THE HOMER SMALL BOAT HARBOR, ALASKA. THE PLAN WOULD CREATE AN EXPANDED HARBOR WITH INNER DIMENSIONS OF 2,830 FEET BY 750 FEET WHICH WILL YIELD A 48.7 ACRE MOORING BASIN AND PROVIDE BREAKWATERS WITH A 150-FOOT CREST WIDTH AND A 16 ACRE TRIANGULAR SHAPED STORAGE AREA. THESE STRUCTURES WOULD BE CONSTRUCTED FROM DREDGED MATERIALS REMOVED DURING THE BERTHING BASIN CONSTRUCTION. THE ALTERNATIVES CONSIDERED ARE: 1) NO IMPROVEMENT, 2) NEW LAND INCLOSED BASIN, 3) EXPANSION AT THE CURRENT SITE, AND 4) OTHER PLANS.
(ALASKA DISTRICT)
(EIS ORDER # 90831)

NOVATA CENTER DEVELOPMENT, PERMIT 08/06

CALIFORNIA
COUNTY: MARION
PROPOSED IS THE ISSUANCE OF A PERMIT FOR THE FILLING OF 48 ACRES OF HISTORIC WETLANDS AND 8 ACRES OF EXISTING BRACKISH MARSH FOR THE DEVELOPMENT OF THE NOVATO CENTER IN MARIN COUNTY, CALIFORNIA. A PORTION OF THE 56 ACRES TO BE FILLED AND AN ADJACENT UPLAND PORTION ARE PROPOSED AS THE SITE FOR A

77-ACRE REGIONAL SHOPPING CENTER. NO DEVELOPMENT PLANS HAVE BEEN SUBMITTED FOR THE REMAINDER OF THE AREA PROPOSED TO BE FILLED. THE ALTERNATIVES CONSIDERED ARE: 1) NO PROJECT, 2) REDUCED PROJECT, 3) DEVELOPMENT IN ACCORDANCE WITH CITY ZONING, AND 4) AN ALTERNATE PROJECT SITE AT HAMILTON AFB.
(SAN FRANCISCO DISTRICT)
(EIS ORDER # 90850)

DRAFT

HILO LAVA FLOW CONTROL 08/03

HAWAII
PROPOSED IS A LAVA FLOOD CONTROL PLAN FOR THE PROTECTION OF HILO ON THE ISLAND OF HAWAII. FIVE STRUCTURAL ALTERNATIVES ARE CONSIDERED. THREE OF THE ALTERNATIVES INVOLVE DIVERSION BARRIER CONSTRUCTION PRIOR TO ACTUAL EMERGENCY, ONE OF WHICH INCORPORATES ADDITIONAL FRESHWATER COOLING ALONG A BARRIER ALIGNMENT. THE FOURTH ALTERNATIVE INVOLVES SEAWATER COOLING ONLY. THE FIFTH ALTERNATIVE IS AN ADMINISTRATIVE PLAN INVOLVING CONSTRUCTION OF BARRIER SEGMENTS ONLY IN THE EVENT OF AN ACTUAL ERUPTION CAUSING FLOWS THAT THREATEN HILO.
(HONOLULU DISTRICT)
(EIS ORDER # 90838)

SPRINGFIELD MUNICIPAL WATER INTAKE, PERMIT 08/10

MISSOURI
COUNTY: GREENE
PROPOSED IS THE ISSUANCE OF A PERMIT FOR THE CONSTRUCTION AND OPERATION OF A RAW SEWER INTAKE STRUCTURE AT MILE 95.4 ON THE JAMES RIVER FOR THE CITY OF SPRINGFIELD IN GREENE COUNTY, MISSOURI. THE PROJECT WOULD INCLUDE THE CONSTRUCTION OF 10 DEEP WELLS AND A NEW 30 MILLION-GALLON-PER-DAY TREATMENT PLANT. THE ALTERNATIVES CONSIDER VARIOUS METHODS OF BOTH INTERIM AND LONG TERM WATER SUPPLY.
(LITTLE ROCK DISTRICT)
(EIS ORDER # 90869)

OGDENSBURG HARBOR NAVIGATION IMPROVEMENT 08/27

NEW YORK
COUNTY: ST. LAWRENCE
PROPOSED ARE COMMERCIAL NAVIGATION IMPROVEMENTS FOR OGDENSBURG HARBOR LOCATED IN ST. LAWRENCE COUNTY, NEW YORK. THE CURRENT FEDERALLY AUTHORIZED DEPTHS FOR CHANNELS IS 19 FEET AND FOR THE LOWER BASIN 21 FEET. THE OGDENSBURG BRIDGE AND PORT AUTHORITY DREDGED A PORTION OF THE BASIN TO 27 FEET. THE IMPROVEMENTS WOULD INCLUDE AN AUTHORIZED MAINTENANCE OF 27 FEET DEPTH FOR THE CHANNEL. THE ALTERNATIVES CONSIDERED INCLUDE: 1) NO ACTION, 2) REMOVAL OF HARD SHOAL AREA, 3) DREDGING OF THE LOWER BASIN TO SEAWAY DEPTH, 4) MAINTENANCE OF CHANNEL AT 27 FOOT DEPTH, AND 5) OTHERS.
(BUFFALO DISTRICT)
(EIS ORDER # 90910)

TRINITY RIVER, WATER RESOURCE IMPROVEMENT 08/20

TEXAS
COUNTY: SEVERAL
PROPOSED ARE WATER RESOURCE IMPROVEMENTS FOR THE TRINITY RIVER BASIN WHICH ENCOMPASSES AT LEAST PORTIONS OF 38 COUNTIES IN TEXAS. THE IMPROVEMENT PLAN CONSISTS OF A MULTIPLE-PURPOSE PROJECT INCLUDING THREE PHYSICAL FEATURES: A MULTIPLE-PURPOSE CHANNEL FROM THE HOUSTON SHIP CHANNEL TO THE PORT OF LIBERTY, WITH EXTENSION FOR FLOOD CONTROL TO RIVER MILE 45; TENNESSEE COLONY LAKE FOR MID AND LOWER BASIN FLOOD DAMAGE REDUCTION, WATER SUPPLY, HYDROPOWER, AND RECREATION-FISH AND WILDLIFE; AND THE DALLAS FLOODWAY EXTENSION FOR FLOOD DAMAGE REDUCTION IN THE CITY OF DALLAS. (FORT WORTH DISTRICT)

BOAT KEY HARBOR NAVIGATION AND SAFETY IMPROVEMENT 08/31

FLORIDA
COUNTY: MONROE
THE PROJECT DESCRIBED IN THIS STATEMENT CONCERNS IMPROVEMENTS TO THE BOAT KEY HARBOR, LOCATED IN THE CITY OF MARATHON, MONROE COUNTY, FLORIDA. THE PURPOSE OF THESE ACTIONS ARE TO PROVIDE SAFE NAVIGATION AND REDUCE PERIODIC BOAT DAMAGES BY DEEPENING THE CHANNEL TO 12 FEET, WIDENING IT TO 100 FEET, AND PROVIDING A TURNING BASIN 200 X 500 FEET. THE DREDGED MATERIAL WILL BE REMOVED BY BARGES TO TRANSFER POINTS AND PIPED INTO BORROW PITS AT OHIO KEY BAHIA HONDA BRIDGE. THE SPANISH HARBOR KEY BORROW PIT WILL ALSO BE USED. THE ORIGINAL DRAFT EIS, #70139, FILED FEBRUARY 1977 WAS REPLACED BY REVISED DRAFT, #80566, FILED MAY 25, 1977. (JACKSONVILLE DISTRICT)

I-95/MA-128 INTERCHANGE AND MA-128 IMPROVEMENTS 08/10

MASSACHUSETTS
COUNTY: ESSEX
PROPOSED IS A HIGHWAY PROJECT IN THE CITY OF PEABODY, ESSEX COUNTY, MASSACHUSETTS. THE ACTIONS UNDER CONSIDERATION IN THIS PROJECT ARE: 1) COMPLETING I-95 FROM FOREST STREET TO ROUTE 128; 2) RELOCATING AND IMPROVING ROUTE 128 FROM US 1 TO ROUTE 114 (ANDOVER STREET); AND 3) AN INTERCHANGE BETWEEN THE NEW I-95 AND THE IMPROVED 128. THE PROPOSED I-95 FROM THE ROUTE 1 ACCESS RAMPS TO ROUTE 128, ABOUT A HALF MILE LONG, WILL BE A MULTI-LANE DIVIDED FACILITY. THE PROPOSED ROUTE 128 IMPROVEMENT WILL BE EIGHT LANES SEPARATED BY A MEDIAN AND ABOUT 4.5 MILES IN LENGTH.

102 MONITOR

The 102 Monitor is a monthly publication of the Environmental Protection Agency. In addition to its listing of Environmental Impact Statements which have been filed under the provisions of the National Environmental Policy Act (NEPA), the Monitor contains a list of EPA's comments, filed under the provisions of Section 309 of the Clean Air Act, as amended; items of current concern in NEPA case law; information on the environmental studies of the Council on Environmental Quality; and other matters of interest.

The 102 Monitor is printed and distributed by the Government Printing Office. The subscription rate for the Monitor is $20.00 annually, with an additional $5.00 charge for foreign mailing; individual copies of the Monitor are $1.70 domestic and $2.15 foreign and are available from GPO.
